

Hello. I would like to encourage you not to allow LPFM stations to take priority over my current FM translator service. KLOVE radio, which I listen to daily on 91.9 frequency, is very important to me!! It is uplifting, versus much of the other radio stations on the air! It is "safe" for any one of any age to listen to, without need for censoring. It promotes positive family values that are the cornerstone of this community and my country! Please don't take this important part of my life away from me!
